Please have this signed while Shawn and I are out. The contribution provision schedule should reflect the equity capital from the debt bridge. So you will need to drop that amount into Schedule A. The percentage interests can remain. Please let me know if Matt has any material comments while we are out. I should be able to give you some language. However, if we can't be reached, I'm sure internally someone can add the language or Alex as a last resort.

You probably should send to BH a few days ahead of March 15th in case there are any issues/questions.

Subject: Unicorn - LLC Agreement

Attached is the latest revision. We will need this executed before March 15th for the allocations to have retroactive effect for 2018.
